Family Classes

I have been a professional chef for 20 years and loved food for many more. My aim is to create a fun and inviting space for all to learn the wonders of fresh food and how to enjoying creating with it.

Classes are recommended at 1 hr for children new to cooking or under the age of 8 with most lessons being a standard 1.5 hours – this allows time to create the items, chat about what we are making and enjoy the final result!

Family packages are designed to bring parent/s and carer/s together with their child/ren to create delicious food, memories and more!
